

# Electric Ease— User Guide

### Assemblies Master:

- Client Admin and Client User has rights to Create Assemblies Details for the company using the Assemblies Master Screen
- Assemblies Master has 2 Component, Assemblies Information , Parts & Labor Details

**Assemblies Details:** To Add /Modify Assemblies Details

**Assemblies Listing:** To view the details of Assemblies created for the client

#### **Example:**

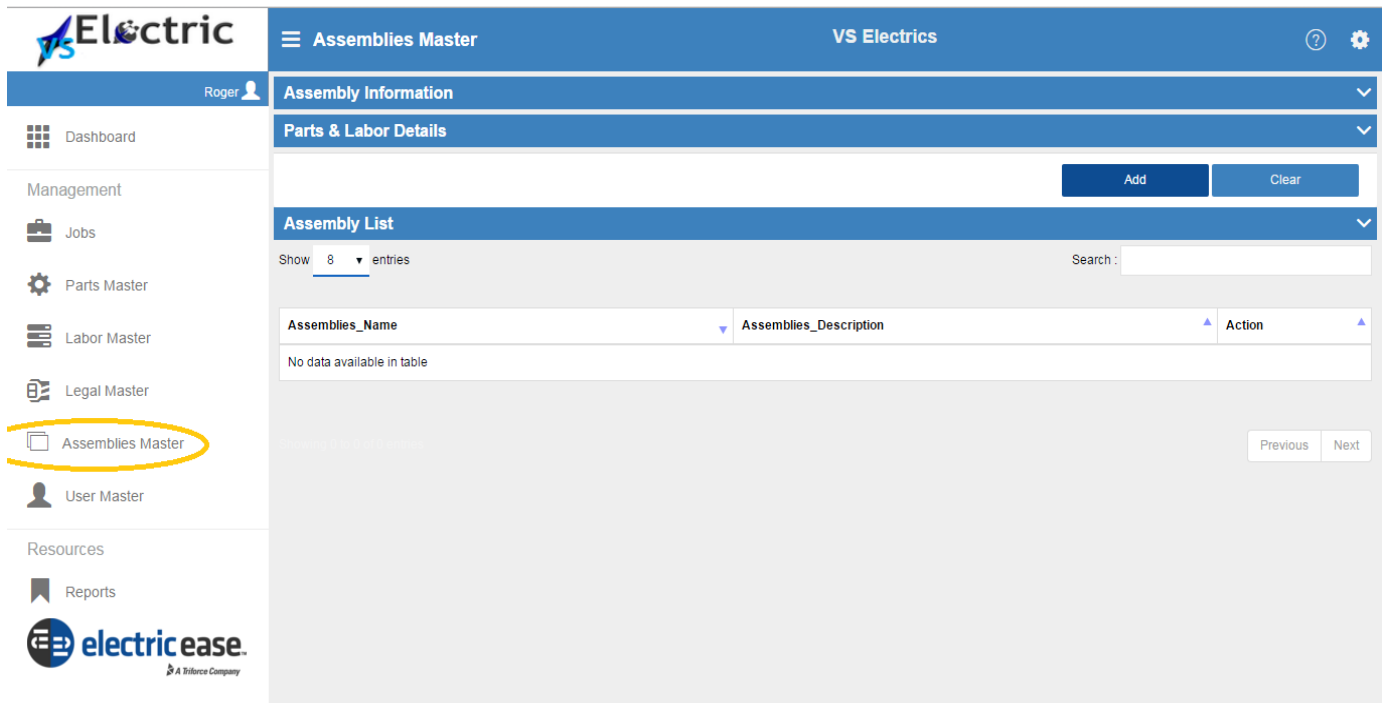

We have created client user

User 1:

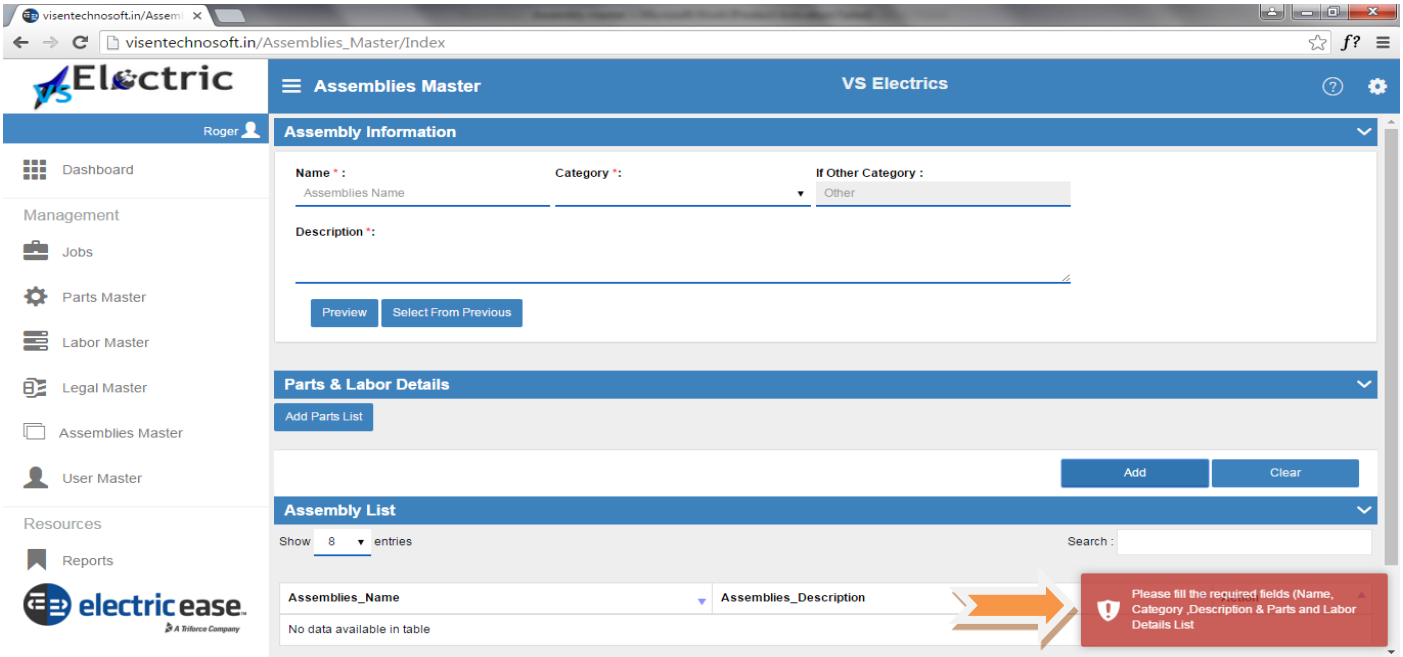

**Client User Name:** Roger

**Client User Password:** \*\*\*\*\*

- Without **Assemblies Rights** who cannot to view Assemblies Master Menu, here Roger has **Assemblies Rights**,

- In the Assembly **information**,
- Required fields can be identify by the \* **symbol**, if Required fields is empty, alert will be display when click on the **Add** button

No data available in table		

- And then ,we have two essential feature for giving data in the **Description** field,one is

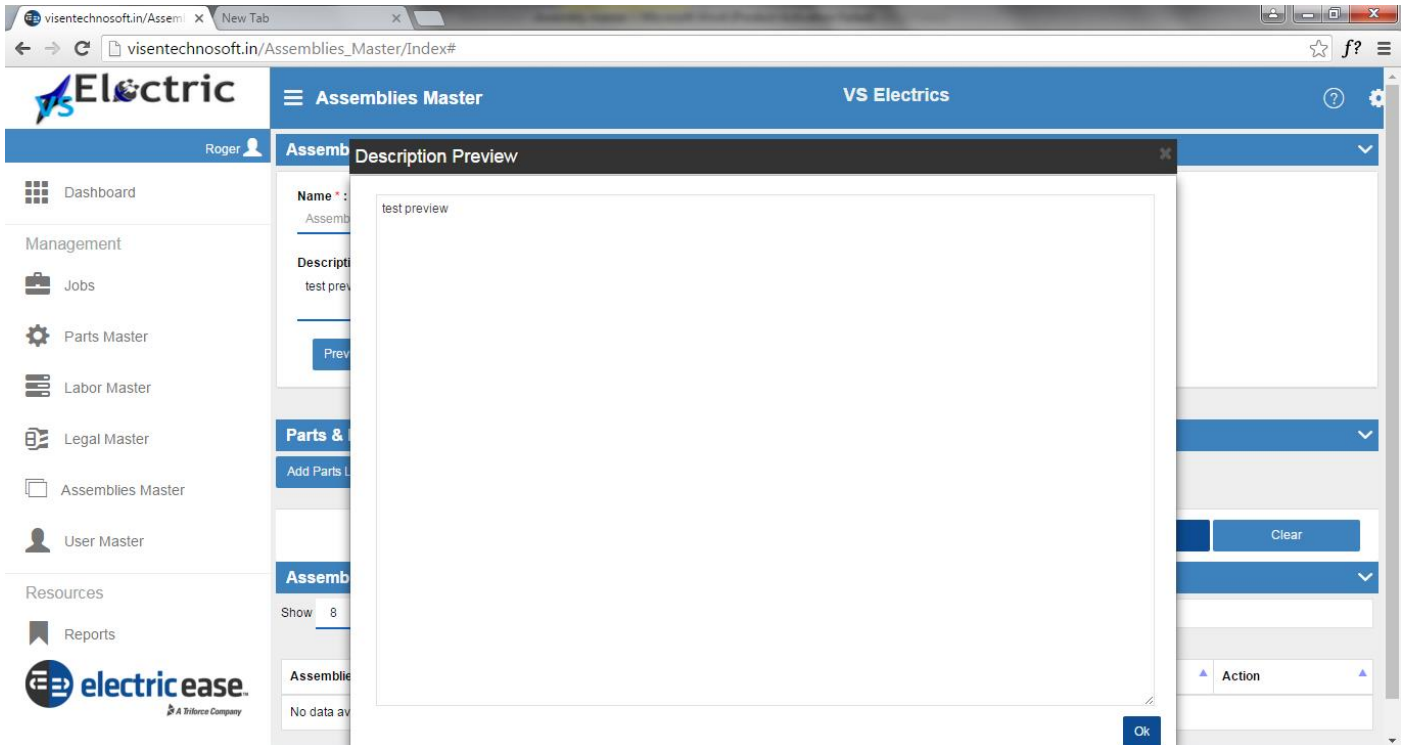

**preview** button which used to preview the data in that field and also add a data in the preview page when after enter a data in the preview page by

The screenshot shows the 'Assemblies Master' form in the ElectricEase application. The form is titled 'Assembly Information' and contains the following fields:

- Name \***: Assemblies Name
- Category \***: Other
- If Other Category \***: Other
- Description \***: test preview

Below the description field, there is a **Preview** button (highlighted with a yellow circle) and a **Select From Previous** button. The form also includes a **Parts & Labor Details** section with an **Add Parts List** button and an **Assembly List** section with a search bar and a table showing no data available.

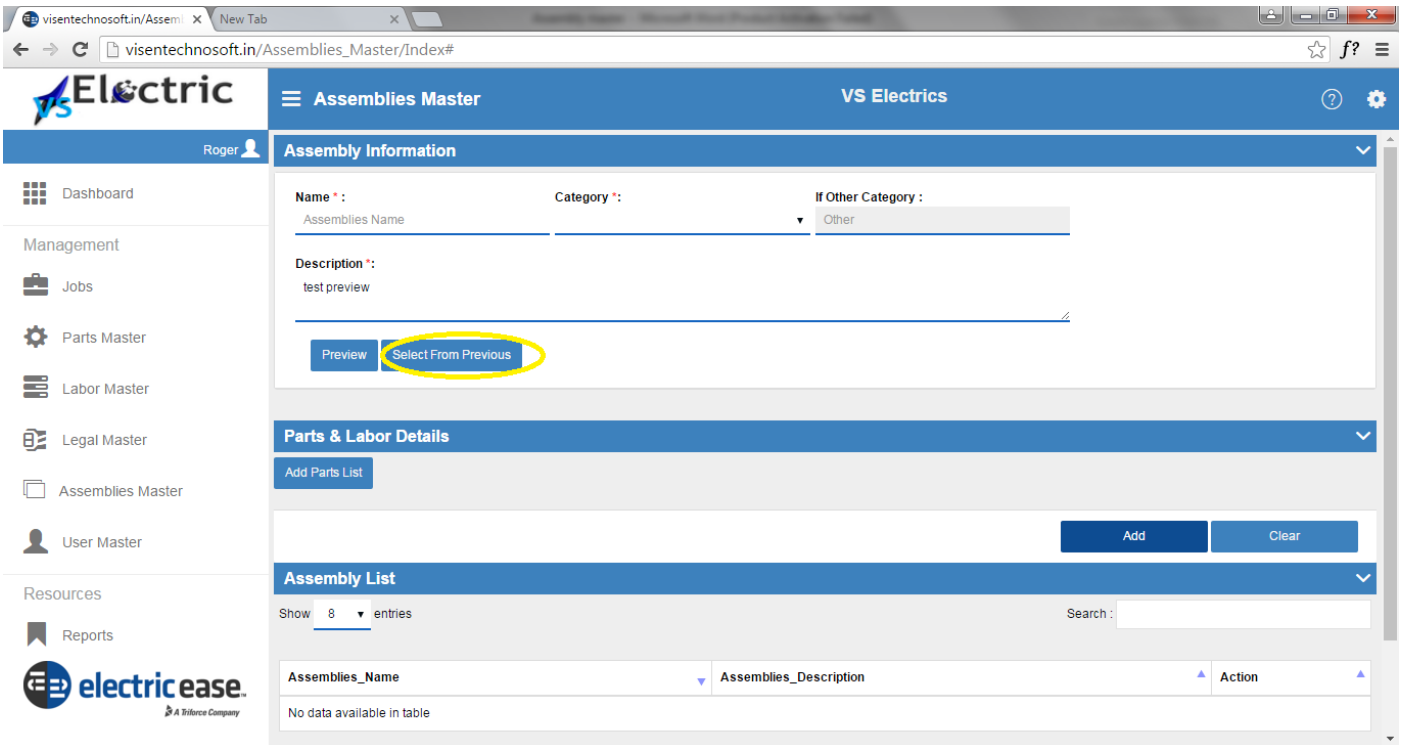

The screenshot shows the 'Assemblies Master' form in the ElectricEase application, with the **Description Preview** modal window open. The modal window displays the following information:

- Name \***: Assemblies Name
- Description \***: test preview
- Preview** button

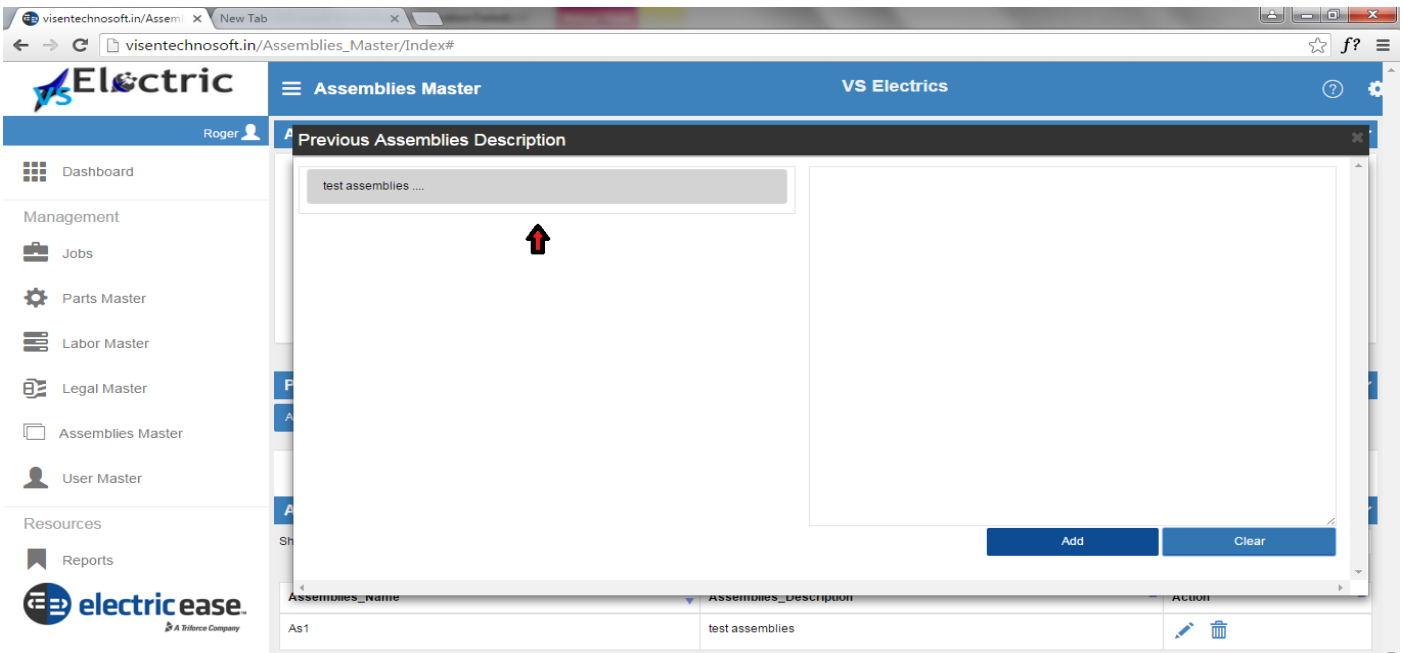

The modal window also includes a **Parts & Labor Details** section with an **Add Parts List** button and an **Assembly List** section with a search bar and a table showing no data available. The **Preview** button is highlighted with a yellow circle.

- And another one is we can select data from the Previous Description by click on the **Select From Previous Button**,

The screenshot shows the 'Assemblies Master' form. The 'Assembly Information' section has fields for 'Name \*', 'Category \*', and 'If Other Category :'. The 'Description \*' field contains 'test preview'. Below the description field are two buttons: 'Preview' and 'Select From Previous', which is highlighted with a yellow circle. The 'Parts & Labor Details' section has an 'Add Parts List' button. The 'Assembly List' section shows a table with columns 'Assemblies\_Name', 'Assemblies\_Description', and 'Action'. The table is currently empty, displaying 'No data available in table'.

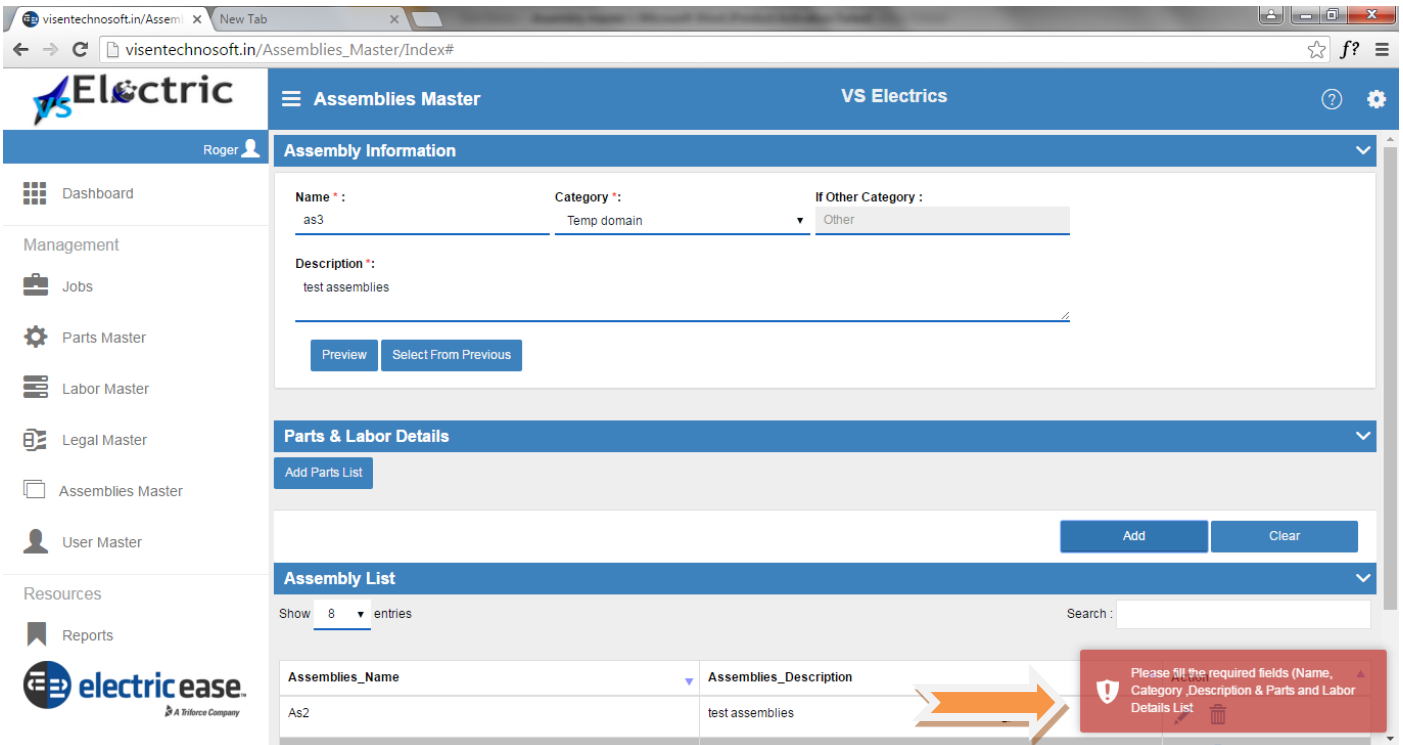

- In the previous Assemblies Description,
- We can select previous description from description list by click on the description and then after selected a Description we can get that selected description by click on the **Add** button.

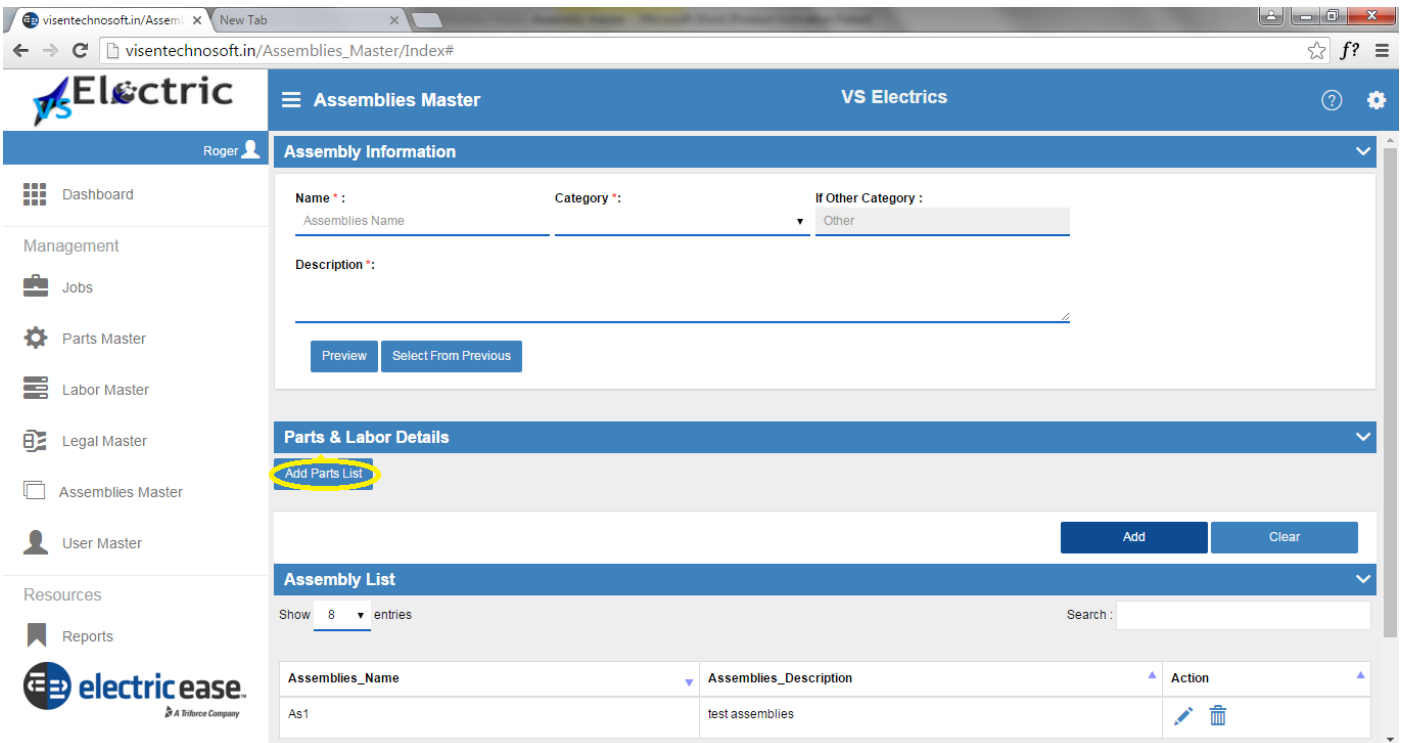

The screenshot shows the 'Assemblies Master' form with the 'Previous Assemblies Description' modal open. The modal has a text input field containing 'test assemblies ....' and a red arrow pointing to it. Below the input field is a large empty text area. At the bottom of the modal are 'Add' and 'Clear' buttons. The background form shows the 'Assembly List' table with one entry: 'As1' with description 'test assemblies'.

- In the **Parts and Labor Details** ,

- We can add a number Parts and Labor details by click on the **Add Parts List** Button, **Parts and Labor Details** is should be required or else Alert Message will be come when click on the Add Button

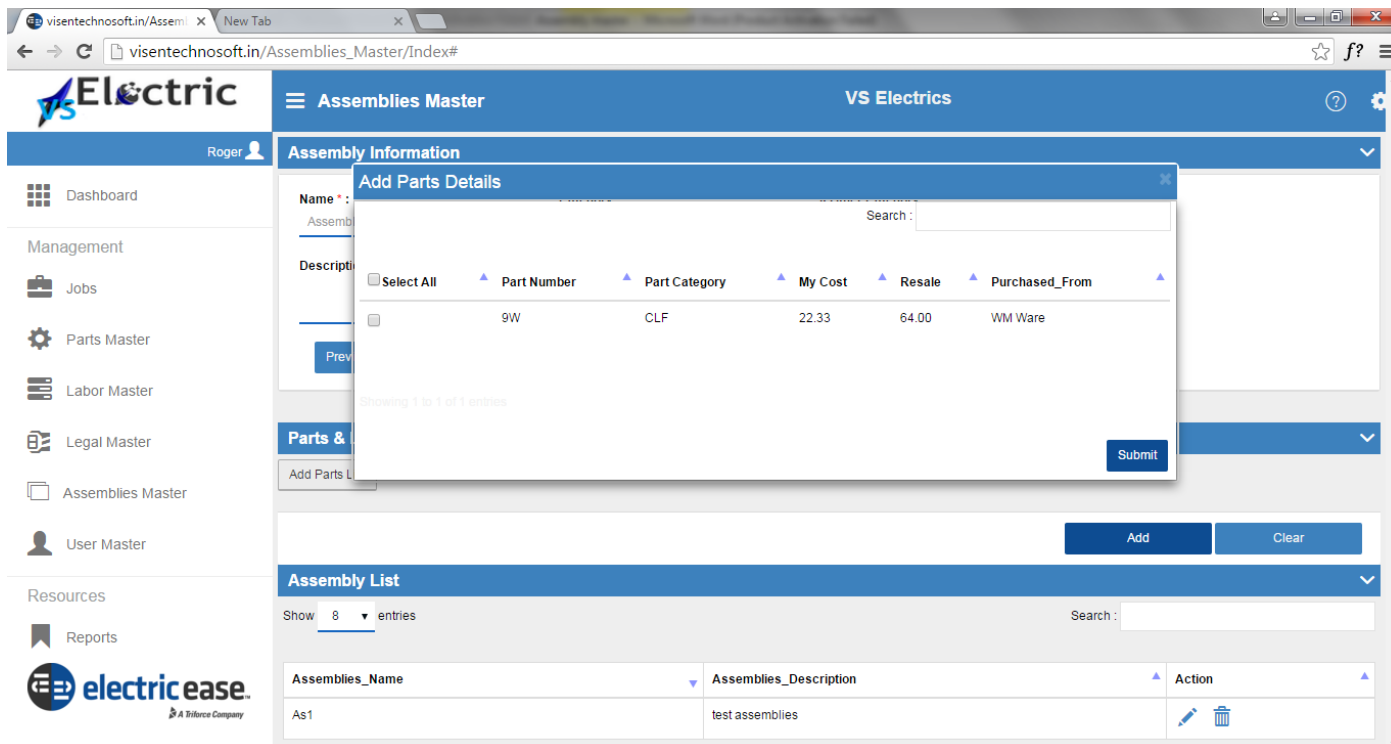

The screenshot shows the 'Assemblies Master' form in the VS Electric application. The 'Assembly Information' section is filled with 'Name \*': 'as3', 'Category \*': 'Temp domain', 'If Other Category': 'Other', and 'Description \*': 'test assemblies'. The 'Parts & Labor Details' section has an 'Add Parts List' button. The 'Assembly List' section shows a table with one entry: 'As2' with description 'test assemblies'. A red alert message is displayed on the right, stating: 'Please fill the required fields (Name, Category, Description & Parts and Labor Details List)'. An orange arrow points from the 'Add' button in the 'Assembly List' section to the alert message.

The screenshot shows the 'Assemblies Master' form in the VS Electric application. The 'Assembly Information' section is filled with 'Name \*': 'Assemblies Name', 'Category \*': 'Other', and 'Description \*': 'test assemblies'. The 'Parts & Labor Details' section has an 'Add Parts List' button highlighted with a yellow circle. The 'Assembly List' section shows a table with one entry: 'As1' with description 'test assemblies' and an 'Action' column with edit and delete icons.

- Here we can see Parts List Details in the Pop Up window,

**Assembly Information**

**Add Parts Details**

Name : Assembly

Description :

<input type="checkbox"/> Select All	Part Number	Part Category	My Cost	Resale	Purchased_From
<input type="checkbox"/>	9W	CLF	22.33	64.00	WM Ware

Showing 1 to 1 of 1 entries

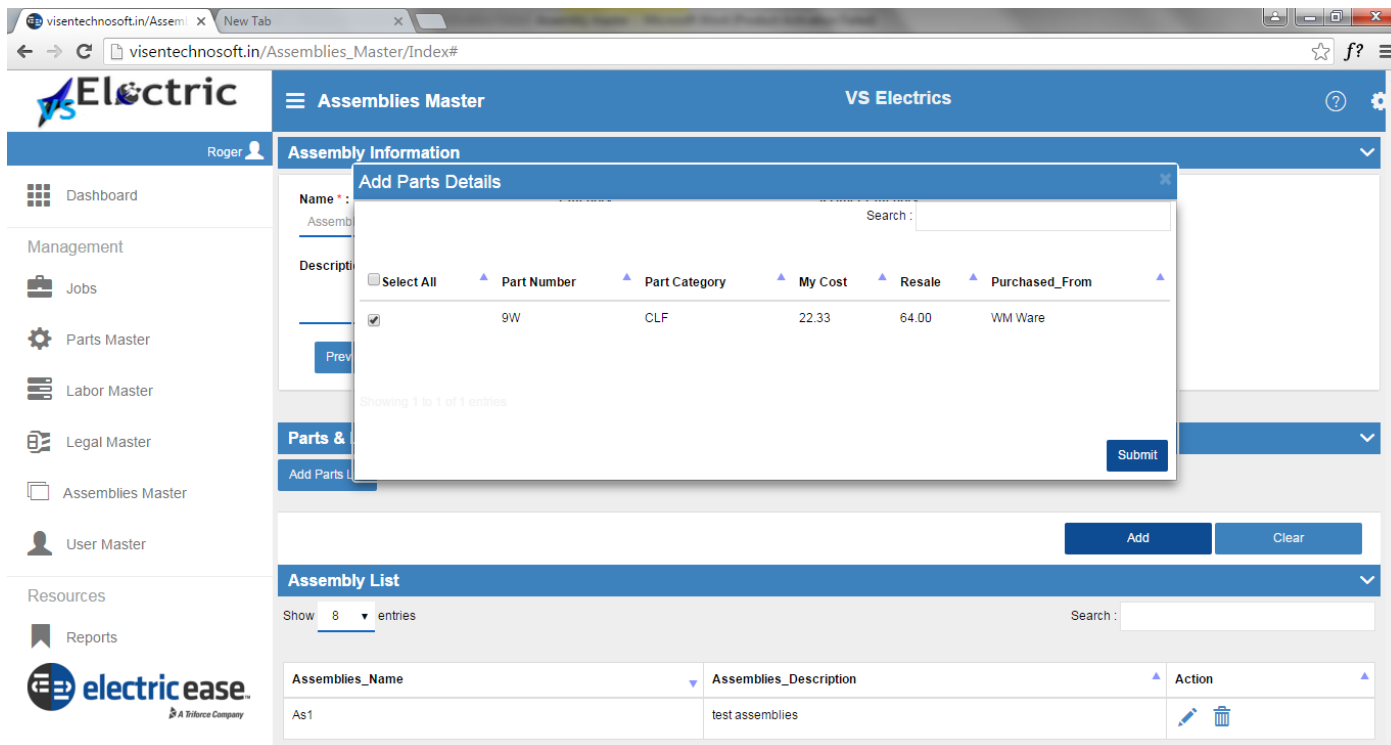

**Parts & Add Parts List**

**Assembly List**

Show 8 entries

Assemblies_Name	Assemblies_Description	Action
As1	test assemblies	 

- We can select a number of parts details in the parts Detail list by click on the **Check button** and if you want to select all Parts in the list you just click on the **Select All** Button,

**Assembly Information**

**Add Parts Details**

Name : Assembly

Description :

<input type="checkbox"/> Select All	Part Number	Part Category	My Cost	Resale	Purchased_From
<input checked="" type="checkbox"/>	9W	CLF	22.33	64.00	WM Ware

Showing 1 to 1 of 1 entries

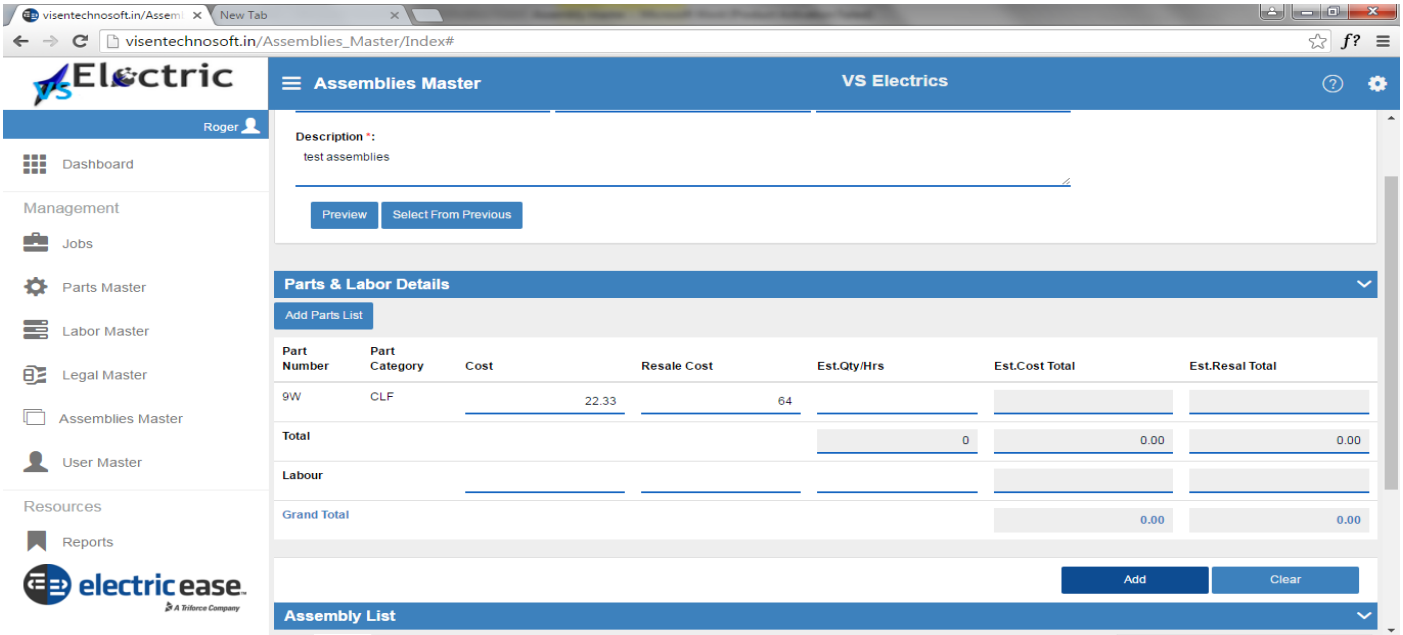

**Parts & Add Parts List**

**Assembly List**

Show 8 entries

Assemblies_Name	Assemblies_Description	Action
As1	test assemblies	 

- After select Parts in the list, we can get that Parts by click on the **“Submit”** button In the Popup Window,

**Assemblies Master** VS Electrics

Description \*: test assemblies

Preview Select From Previous

**Parts & Labor Details**

Add Parts List

Part Number	Part Category	Cost	Resale Cost	Est.Qty/Hrs	Est.Cost Total	Est.Resal Total

## Delete Assemblies Details:

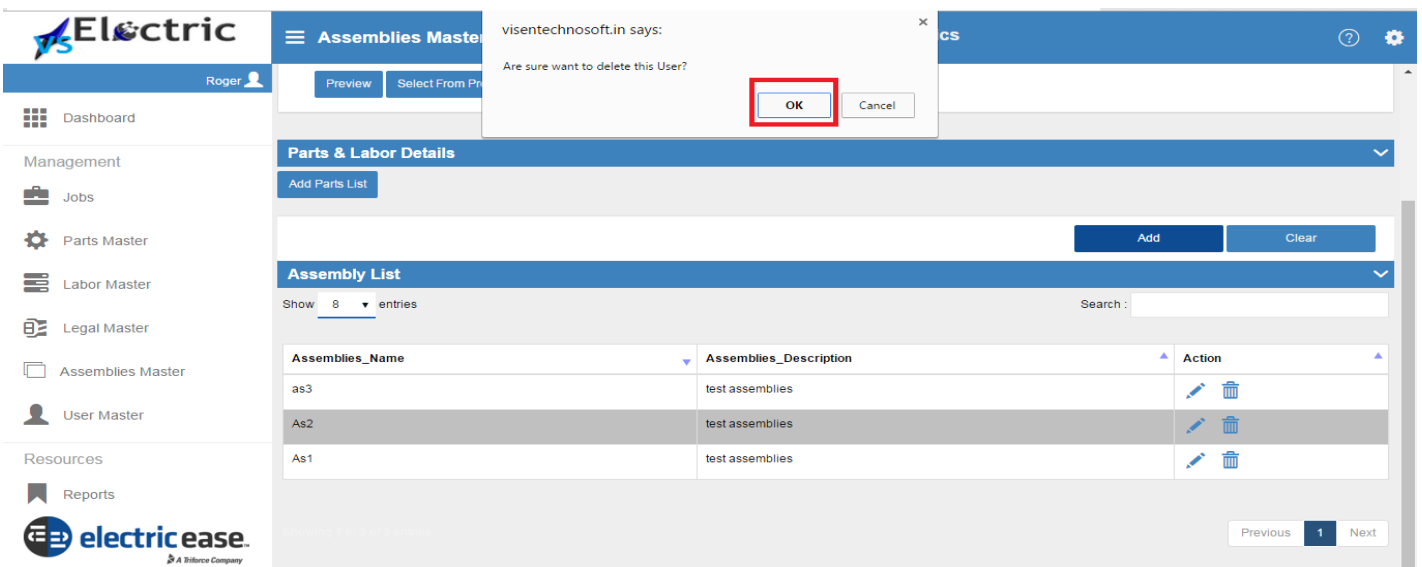

- Here we can Delete a Assemblies Details by click on the **Delete Icon**  in Assemblies List ,

The screenshot shows the 'Assemblies Master' interface for 'VS Electrics'. The left sidebar contains navigation links for Dashboard, Management (Jobs, Parts Master, Labor Master, Legal Master, Assemblies Master, User Master), and Resources (Reports). The main content area has tabs for 'Parts & Labor Details' and 'Assembly List'. The 'Assembly List' tab is active, showing a table with 8 entries. The table has columns for 'Assemblies\_Name', 'Assemblies\_Description', and 'Action'. The 'Action' column contains a pencil icon and a trash can icon. The trash can icon for the first entry 'as3' is highlighted with a red box.

Assemblies_Name	Assemblies_Description	Action
as3	test assemblies	 
As2	test assemblies	 
As1	test assemblies	 

- Before that we can get **Delete** confirmation Alert ,In that Alert if you click **ok** Delete process will Occurs and then finally we can get a Delete Success Message when after Deleting Assemblies Details ,or else if you click **Cancel** Delete process will Stopped ,

The screenshot shows the same 'Assemblies Master' interface, but with a confirmation dialog box open. The dialog box is titled 'visentechnosoft.in says:' and contains the text 'Are sure want to delete this User?'. It has two buttons: 'OK' and 'Cancel'. The 'OK' button is highlighted with a red box.
