---

### **Parts Master:**

- Client Admin and Client User has rights to Create Parts Details for the company using the Parts Master Screen
- Required fields can be identify by the **\* symbol**, if Required fields is empty, alert will be display when click on the **Add** button

Parts Master has 2 Component, Add Parts Details,Parts listing

1. **Add Parts Details:** To Add /Modify Parts Details
2. **Parts Listing:** To view the details of parts created for the client

- If client user has Parts master rights,he can be able to do Add/Modify/view Parts details otherwise he cannot perform those actions in Parts Master.

### **Add Parts Details:**

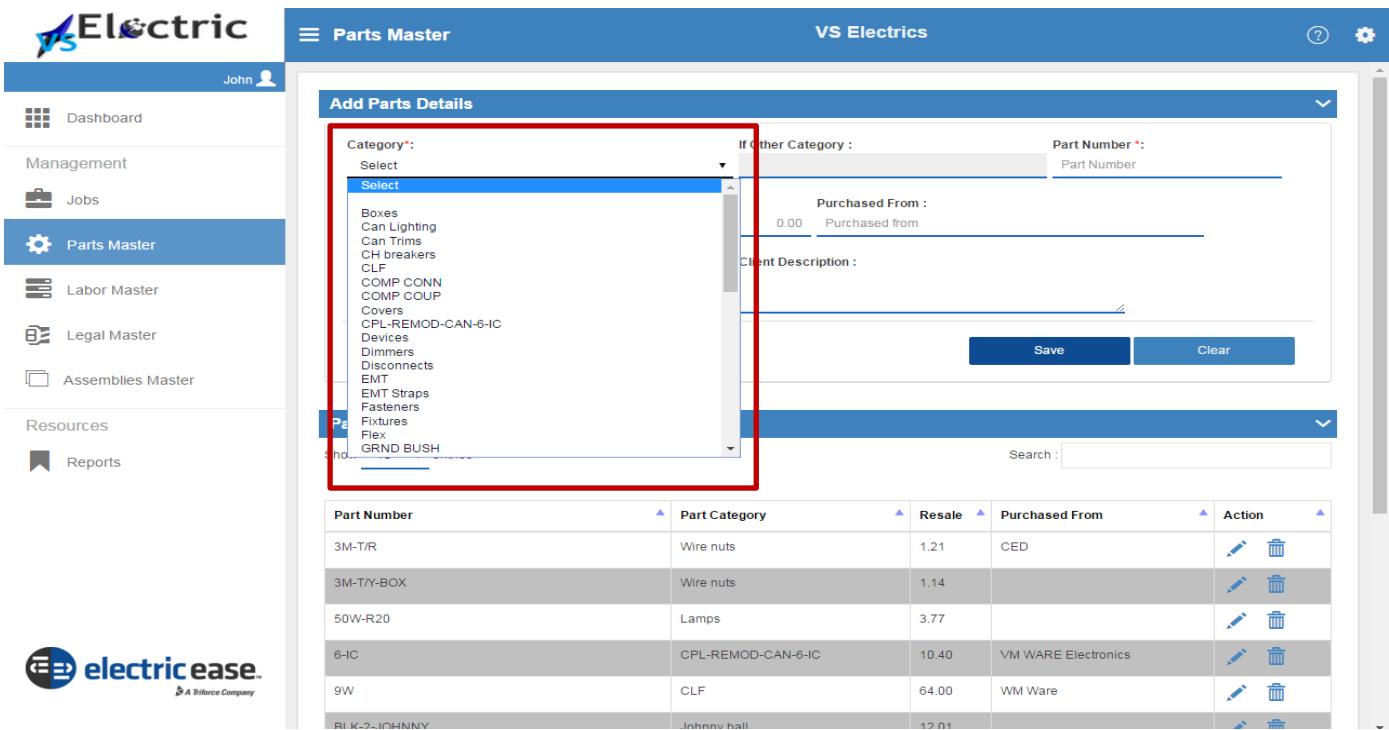

Example,

User 1:

**Client User Name :** John  
**Client User Password :** \*\*\*\*\*

We have set all Administrative rights to **Yes** for User 1

- In Add Labour Details, User can choose Category from “Category” drop down or he/she choose “other” from list and add a new category in the field “If Other Category”. “If Other Category” field is Disable until you select “other ” in category field
- Then if you want to add new category should select **other** in Category list then you can proceed a new category,

The screenshot shows the Electric Ease software interface. On the left is a sidebar with navigation links: Dashboard, Management, Jobs, **Parts Master** (which is selected), Labor Master, Legal Master, Assemblies Master, Resources, and Reports. The main area is titled "Parts Master" and "VS Electrics". It features a modal window titled "Add Parts Details" with fields for "Category\*", "Purchased From", "Client Description", and "Save" and "Clear" buttons. Below the modal is a table listing parts with columns: Part Number, Part Category, Resale, Purchased From, and Action. The table contains several rows of part information.

Part Number	Part Category	Resale	Purchased From	Action
3M-T/R	Wire nuts	1.21	CED	
3M-T/Y-BOX	Wire nuts	1.14		
50W-R20	Lamps	3.77		
6-IC	CPL-REMOT-CAN-6-IC	10.40	VM WARE Electronics	
9W	CLF	64.00	WM Ware	
RI-K-2-JOHNNY	Inhony hall	12.01		

- Always, “**Resale Cost**” field should be higher than “**My Cost**” field, Else error message will be produced as “**Resale Cost should be higher than My Cost**” when “**Save**” button is clicked.
